Kingdom Seneschal Zip Code List (2012 CE)

This is the Kingdom Seneschal's "Official List of Zip Codes by SCA Group" for the Kingdom of Atenveldt as of August 2012 and replaces and supercedes all prior published version.

Prior to August 2012, the zip codes marked with an asterisk (*) were not assigned to a specific SCA local group, but were listed as part of the Kingdom of Atenveldt's "Crown Lands". In August 2012, the Kingdom Seneschal noted that the asterisked zip codes were bordered on all sides by zip codes already assigned as part of an existing SCA local group. Since the SCA requires that zip codes for local groups must be "contiguous", the indicated zip codes have been re-assigned and are now shown as part of the SCA local group they border.
